

12TH ANNUAL FUTURE JEWELRY DESIGNER CONTEST

Gems fit into their designed place

Gemstone: Emeardl
Metal: Sterling Silver

1. Engraving on each sides of the center gem of two lines meeting each other
2. More engravings on the other side of the ring in the shape of a diamond.

The center gem & 1st engraving help create an eye shape. The Side gems help enhance the center gem. The 2nd engraving create design on the other side do not leave it blank.
