

Sorry, I had to attach this file because my description was a bit long and I couldn't fit it on the paper.

Description of the design:

Ever since 6th grade, music has been a big part of my life. It helps me calm down and focus. But there is one person in particular whose music mesmerizes my ears, Alan Walker. He is a EDM producer based in Norway who makes some of the worlds most beautiful music. Have you ever heard of Faded? It's his legendary song that hit over 3.2 billion views on YouTube! My ring design is Alan's logo. I made this in respect of him and how much his music has changed and helped me. You will see some engravings on the sides of the ring, each one holds a very big and special reason. The "ALAN WALKER" engraving it pretty self explanatory, and the "I'm not alone" engraving will always be a reminder to me that I'm not alone in this world. It's also actually something that Alan says a lot so I put it on there. Lastly, the "#88530" engraving is the main and most important engraving. It is something that I will not explain too much, as it is a secret. That number is my identity in the Walker Community (Alan's fans are called Walkers thats why "Walker Community") and it is how I am recognized. Maybe if I ever meet you I could tell you more 😊 But if I ever do get this ring made, it would be a blessing to me and I would **NEVER** forget this ❤️❤️❤️

With appreciation and gratitude,
